

ONE STOP SOLUTION FOR ALL YOUR FIRE PROTECTION NEEDS

Protecting the world we live in.

URBAN FIRE SAFETY SOLUTION

www.urbanfireindia.in

One Of The Leaders In Designing, Installing, Testing And Commissioning And Further Maintenance Of Fire Protection Systems In India That Started Operations With Fire Fighting Works For Small Cooperatives Group Housing Societies In 2016. With A Highly Rich Experience Of 9 Years And A Long Legacy Of Successful Projects, Today We Work With Leading And Reputed Construction Houses And Many National And International Brands. Our Most Prestigious And Regular Clients In The Housing Segment, With Whom We Share A Great Working Relationship And Receive 90% Repeat Work, Are M/s Max Estate Ltd., M/s Jaypee Group, M/s Paras Group, M/s Assotech Ltd., M/s M Design India Pvt. Ltd., M/s Laureate Buildwell Pvt. Ltd. M/s MRM Enterprises Pvt. Ltd., M/s Wave One Pvt. Ltd., M/s Other Than These World-class Developers, We Work With Epc Contractors Such As Shapoorji Pallonji And L&T And Also Have A Very Long And Strong Association With Big Brands In It, Hospitality, Public Service, Etc. Such As Taj Vivanta, Radisson Hotels, IBM India, Ihg, Isolex, Nokia, Siemens And Metlife Among Many Others. We Are An Iso 9001:2015, Ohsas 18001:2007 Certified And Msme Listed Company, And An Expert In The Field Of Fire Protection & Detection, Water Supply, Plumbing & Sanitation System And Water Treatment & Softening System. We Have All The Statutory Registrations As Required By The Government Of India Regulatory, Such As Gst, Pf And Esi. We Work On A Pan India Basis And Come Fully Equipped With The Latest Tools And Technologies That Empower Us To Make The Most Of Every Project, Offer Better Processes And Services To Our Clients By Eliminating Bottlenecks, Enhancing Technology And Improving Practices.

Urban Fire Safety Solution is an Authorized Dealer and stockist of Fire Safety & Mechanical Products in India. Established in 2020, we partnered with the world's leading manufacturer to provide the best & quality products to our customers.

Authorized Channel Partner / Stockist of Below Listed fire & Safety Products.

TYCO FIRE Protection Products(Fire Sprinklers, Valves & Flexible hoses, MV & HV Nozzles, Deluge and Alarm valves, Pre-action systems, PRV, Flow switches, Etc.)

TYCO AQUAMIST Water Brandmist systm

TYCO GRINNELL GROOVED PIPING PRODUCTS (G-FIRE: Grooved fittings, Mechanical grooved fittings, Stainless Steel grooved fittings and valves_

TYCO ANSUL Gas Suppression system (NOVEC1230/FM200/IG541/CO2 Flooding System, Foam system & Monitors)

FIRETRAC Panel flooding system

EDWARDS & GST make addressable fire alaram system, **AIR SENSE** Vesda system.

HEINRICH_PUBLIC address system

GERAND USA Make Venturi type Flow meters UL/FM Approved

SAFEX Fire extinguishers and NEWAGE Hydrants accessories.

LUBI Fire Pumps UL/FM Approved and IS Standard.

NVR Brand Ductile iron Threaded fittings & Valves

**With over decades of experience, we have the techno commercial solution
"for every need of our customer"**

URBAN FIRE

FIRE PUMP

DESCRIPTION

Fire pump is an essential lifeguard for all high buildings, apartments, hotels, hospitals, schools, shopping malls, supermarkets, warehouses, etc.

Fire pumps include end suction, horizontal split case and vertical turbine pump models can be manufactured in skid mounted units. And the fire pump system can be used in fire hose system, fire alarm system, fire hydrant system and fire sprinkler system. The automatic air relief valve, gate valves, check valves, flexible joint, pressure switches, and pressure gauge are mounted on their respective pipes. If required, additional piping, pressure tank, valves and sensing lines are available as well.

SIREN

WATER CURTAIN

SIREN

TECHNICAL DATA

| DESCRIPTION | |
|-----------------|----------------------|
| Range | 2 KM |
| RPM | 6000 |
| Motor HP Rating | 1 HP |
| Winding | Copper Winding |
| Body Material | Aluminum Casting |
| Fittment | Horizontal |
| Mounting | Double Mounting |
| Power Supply | 220/230 Volt AC 50Hz |

Water Curtain Nozzles are non-automatic open, outside sprinklers intended for the protection of windows, walls, steel beams, columns, roofs and any other structures against exposure fire and heat penetration. Water Curtain nozzles are generally installed with orifice slot pointing downwards direction.

WATER CURTAIN

TECHNICAL DATA

| DESCRIPTION | |
|----------------------------|--------------------------------|
| Maximum Working Pressure | A170 F185sure 12 Bar (175 PSI) |
| Effective Working Pressure | 1.4 - 3.5 Bar (50-150 PSI) |
| End Contraction | 1/2" BSPT |
| Weight | 115 grams |
| Included Water Spray Angle | 120° |
| Finish | Chrome Plated Brass |
